## Need a Lawyer? Call Us!

*The Right Call for the Right Lawyer™*

The goal of the Philadelphia Bar Association's Lawyer Referral and Information Service is to help individuals identify the nature of their legal problems and to refer them to an attorney if necessary.

When you call LRIS you will speak with a staff attorney who is experienced in analyzing legal issues. The staff attorney can determine if your situation is truly legal in nature and requires the service of an attorney, or if you need other assistance.

If it is determined that you have, or may have, an issue that requires an attorney's help, you will be referred to a licensed, insured and qualified attorney to help you. Your initial consultation with the referred attorney - up to 30 minutes - will cost just \$35.00. This is a reduced fee through the Philadelphia Bar Association.

Should you decide to hire the attorney, it will be up to you and the attorney to negotiate the fee for services.
